**ZONING BY-LAW NUMBER # 85-2003**

**CORPORATION OF THE TOWN OF COBOURG**

BEING A BY-LAW, UNDER THE PROVISIONS OF SECTION 34 OF THE PLANNING ACT, 1983, TO REGULATE THE USE OF LANDS AND THE CHARACTER, LOCATION AND USE OF BUILDINGS AND STRUCTURES IN THE TOWN OF COBOURG.

WHEREAS the Council of the Corporation of the Town of Cobourg deems it advisable to implement the Official Plan of the Town of Cobourg;

AND WHEREAS the Council of the Corporation of the Town of Cobourg deems it advisable to restrict the use of land and the erection of buildings and structures on land situated in the Town;

NOW THEREFORE the Council of the Corporation of the Town of Cobourg ENACTS as follows:

## **SECTION 1: TITLE AND SCOPE**

### **1.1 TITLE**

This By-law shall be known as “The Zoning Bylaw of the Corporation of the Town of Cobourg”.

### **1.2 APPLICATION**

The provisions of this By-law shall apply to all lands within the boundaries of the Corporation of the Town of Cobourg.

### **1.3 SCOPE**

No lands shall be used and no buildings or structures shall be hereinafter erected, structurally altered, enlarged or used within the Town of Cobourg, except in conformity with the provisions of this By-law.

### **1.4 REPEAL OF EXISTING BY-LAWS**

From the coming into force of this By-law, all previous by-laws passed under Section 34 of the Planning Act, 1983, or a predecessor thereof, shall be deemed to have been repealed.

### **1.5 VALIDITY**

Should any section, clause or provision of this By-law be held by a court of competent jurisdiction to be invalid, the validity of the remainder of the By-law shall not be affected.

### **1.6 EFFECTIVE DATE**

Pursuant to Section 34 of the Planning Act, 1983, the By-law shall be deemed to be valid and to have come into force on the day it was passed.

### **1.7 COMPLIANCE WITH OTHER RESTRICTIONS**

This By-law shall not be construed to reduce or mitigate any restrictions or regulations lawfully imposed by the Corporation or any governmental authority having jurisdiction to impose such restrictions or regulations.

### **1.8 INTERPRETATION – GENERAL**

- i) For the purpose of this By-law, the definitions and interpretations given herein shall govern.
- ii) In this By-law, unless the context otherwise requires, the expression “use” or “to use” shall include anything done or permitted by the owner or occupant of any land, building or structure, directly or indirectly or by or through any trustee, tenant, servant, or agent, acting for or with the knowledge or consent of such owner or occupant, for the purpose of making use of the said land, building or structure.
- iii) In this By-law, the word “shall” shall always be construed as mandatory.
- iv) In this By-law, unless the contrary intention appears, words importing the singular number or the masculine gender only shall include more persons, parties, or things of the same kind than one, and females as well as males, and the converse.

## **SECTION 2: ADMINISTRATION**

### **2.1 ADMINISTRATOR**

This By-law shall be administered by the person designated by the Council of the Corporation of the Town of Cobourg as "Zoning Administrator".

### **2.2 VIOLATIONS AND PENALTIES**

**2.2.1** Every person or corporation who uses or alters the use of any land or uses or alters or erects any building or structure in a manner contrary to any requirements of this By-law or who causes or permits such use or erection or alteration or who violates any provision of this By-law or causes or permits a violation is guilty of an offence and every person upon conviction is liable,

- i) on first conviction to a fine of not more than \$20,000; and
- ii) on a subsequent conviction to a fine of not more than \$10,000 for each day or part thereof upon which the contravention has continued after the day on which the person is first convicted,

and every corporation on conviction is liable,

- i) on first conviction to a fine of not more than \$50,000; and,
- ii) on a subsequent conviction to a fine of not more than \$10,000 for each day or part thereof upon which the contravention has continued after the day on which the corporation was first convicted.

**2.2.2** Where a conviction of a person or corporation occurs, the court in which the conviction has been entered or, any court of competent jurisdiction, thereafter, may make an order prohibiting the continuation or repetition of the offence by the person or corporation convicted. Such order may include the removal of a building or structure which contravenes the By-law.

### **2.3 LICENCES AND PERMITS**

No municipal permit, certificate, or license shall be issued where the said permit is required for a proposed use of land or a proposed erection, alteration, enlargement or use of any building or use of any building or structure that is in violation of any provision of this By-law.

### **2.4 BUILDING TO BE MOVED**

In all zones, any building or structure which is moved from one location to another, shall be considered to be a new building or structure and shall comply with the provisions of this By-law. No building, residential or otherwise, shall be moved within the limits of the Corporation of the Town of Cobourg or shall be moved into the Municipality from outside, without an inspection by and a permit from the Town Engineer.

### **2.5 APPLICATIONS FOR BUILDING PERMITS**

**2.5.1** In addition to all requirements of the Ontario Building Code and regulations thereto, or any By-law of the Corporation, every application for a building permit shall be accompanied by a plan in duplicate, drawn to scale, with the following information which will be used by the Zoning Administrator to evaluate the conformity of the application with the Zoning By-law regulations:

- i) the true dimensions of the lot to be built upon or otherwise used;
- ii) the exact location, dimensions and height of all existing buildings and structures, including overhangs, or uses on the lot;
- iii) the proposed location, dimensions and height of any building (including additions to existing buildings or structures), structure or use proposed for such lot, including yards, driveways, retaining walls, fences, landscaping areas and parking facilities;

- iv) where any significant change in grade is anticipated, existing contours of the land and proposed contours;
- v) a statement signed by the owner of the property disclosing the exact use proposed for each existing or proposed building or structure or use and the provision of all information necessary to determine if any proposed or existing building or structure or use confirms to the requirements of this By-law.

**2.5.2** A survey prepared by an Ontario Land Surveyor shall only be required if deemed necessary by the Zoning Administrator. Such survey shall be prepared at the cost of the applicant.

## **2.6 CERTIFICATE OF OCCUPANCY**

No change shall be made in the type of use of any lot covered by this By-law or of any building or structure on any such lot or any part of such lot, building or structure, until a Certificate of Occupancy has been issued by the Chief Building Official to indicate that the proposed use complies with this By-law.

## SECTION 3: DEFINITIONS

In this By-law, unless the context requires otherwise:

- 3.1 ACCESSORY BUILDING OR STRUCTURE** shall mean a detached building or structure that is not used for human habitation and the use of which is customarily incidental and subordinate to a principal use, building or structure and located on the same lot therewith.
- 3.2 ACCESSORY USE** shall mean a use naturally and normally incidental to, subordinate to and exclusively devoted to a main use and located on the same lot therewith.
- 3.3 AGRICULTURAL USE** shall mean general farming and, without limiting the generality of the foregoing, shall include such uses as the cultivation of land and associated production, conditioning, processing and storing of field crops, vegetables, fruit, horticultural crops and nursery stock and the selling of such produce on the premises and may include the raising, breeding and care of livestock, fowl and fur-bearing animals. Agricultural uses also includes one farm dwelling and accessory buildings, structures and uses. However, such a use does not include such industrial uses as a cannery or an abattoir.
- 3.4 ALTER** shall mean, in reference to a building or structure or part thereof, to change any one or more of the internal or external dimensions of such building or to change the type of construction of the exterior walls or roof thereof. When used in reference to a lot, the word "alter" shall mean to decrease the width, depth or area thereof or to decrease the width, depth or area of any required yard, or landscaped open space or parking area, or to change the location of any boundary of such lot with respect to a public highway or laneway, whether such alteration is made by conveyance or alienation of any portion of said lot, or otherwise. The words "altered" or "alteration" shall have a corresponding meaning.
- 3.5 AMENITY AREA** shall mean space outside the dwelling unit within or outside the building designed for the passive enjoyment or active recreational needs of the residents.
- 3.6 AMUSEMENT MACHINE** shall mean any mechanical or electronic machine or device intended for use as a game, entertainment or amusement offered for use by the public by any person for profit or gain and shall include a pinball machine, video game, shooting gallery or other similar machine or device including an automatic machine or slot machine that dispenses as prizes one or more free games, but shall not include any machine used only for the purpose of vending merchandise or services or playing recorded music or any billiard, pool or bagatelle table or a video lottery terminal, slot machine or gaming table.
- 3.7 ASSEMBLY OR BANQUET HALL** shall mean any land, building or structure or portion thereof in which facilities are provided for the gathering of persons for civic, educational, political, religious, cultural or social purposes and may include facilities for the purpose of entertaining a large group(s) of people where food and liquor are generally provided, but does not include a cinema, theatre, permanent gaming club or permanent casino, or any other use, otherwise defined or classified in this By-law.
- 3.8 ATTACHED** shall mean a building otherwise complete in itself, which depends for structural support, or complete enclosure, upon a division wall or walls shared in common with an adjacent building or buildings.
- 3.9 AUCTION CENTRE** shall mean any land, building or structure or portion thereof for the storage of goods and materials which are to be sold on the premises by public auction and the sale of the said goods and materials by public auction on an occasional basis.
- 3.10 BANQUET HALL** shall mean a building or part of a building used for the purpose of entertaining a large group of people where food and liquor are generally provided (see Section 3.7).
- 3.11 BASEMENT** shall mean that portion of a building between two floor levels which is partially underground, but which has at least one-half of its height from finished floor to finished ceiling above the average level of the ground (finished surface) adjacent to the building, and in which the height from finished grade to ceiling is less than 1.8 m (6 ft).

- 3.12 BED AND BREAKFAST ESTABLISHMENT** shall mean a residential dwelling in which the proprietor resides and supplies temporary, overnight accommodation, with or without meals, to the travelling or vacationing public, particularly tourists, in return for monetary compensation, but shall not include a hotel, motel, apartment, boarding or rooming house, hospital, home for the young or aged, group home or other institution, or a restaurant accommodating the general public. Such a building shall provide no more than three (3) guest rooms used and maintained for the accommodation of the travelling public. Any Bed and Breakfast Establishment which contains greater than two (2) guest rooms requires a Building Permit under the *Ontario Building Code*, 1997, as amended.
- 3.13 BOARDING OR ROOMING HOUSE** shall mean any dwelling or building or portion thereof, in which the proprietor resides and supplies for hire or gain to other persons, lodging with or without meals, but shall not include a hotel, motel, apartment, hospital, home for the young or the aged, group home or other institution, restaurant accommodating the general public, or a bed and breakfast establishment. Such a building may supply guest rooms for more than four (4) and up to a maximum of ten (10) persons.
- 3.14 BUILDING** shall mean any structure whether temporary, or permanent, used or intended for sheltering any use of occupancy, but shall not include a boundary wall or fence, travel trailer, truck camper, motor home or tent. Any enclosure, awning, container or storage van or platform used upon any land or in conjunction with or connected to any structure for any purpose shall be deemed a building.
- 3.15 BUILDING AREA** shall mean an area of a lot within which permitted buildings or other structures may be erected, used and maintained and may include an area designated on a zoning map or zoning map schedule as "Building Area".
- 3.16 BUILDING LINE** shall mean a line that regulates the location of the front wall or the exterior side wall of a building on a lot.
- 3.17 BUILDING LINE, ESTABLISHED** shall mean, on any street, the average setback of the existing main buildings from the street line on the nearest three lots which have been built upon on the same side of the street between two intersecting streets.
- 3.18 BUILDING, MAIN** shall mean the building in which is carried on the principal purpose for which the lot is used.
- 3.19 BUILDING OR STRUCTURE, ACCESSORY** shall mean a detached building or structure that is not used for human habitation, with the exception of a garden suite as defined in this By-law, but the use of which is normally incidental to, subordinate to and exclusively devoted to a main use, building or structure which is located on the same lot therewith, and may include a detached private garage or a detached carport, but a garage or carport attached to the main building shall be regarded as part of the main building.
- 3.20 BUILDING SUPPLY USE** shall mean a commercial use, the principal function of which is the selling of a wide variety of building supplies including lumber, millwork, siding, plumbing, fencing, electrical, air conditioning and heating equipment and similar commodities.
- 3.21 BUSINESS PARK** shall mean a tract of land used or to be used for business and light industrial uses such as research and development facilities, professional, medical and corporate offices, such development is to be planned, designed and constructed with special attention given to landscaping, parking, building design and orientation and open space.
- 3.22 CALL CENTRE** shall mean a building or part thereof used as a telecommunication centre for purposes such as product support, consumer assistance and tele-marketing.
- 3.23 CELLAR** shall mean that portion of a building between two floor levels which is partially or totally underground, but which has more than one-half of its height finished floor to finished ceiling below the average level of the ground (finished surface) adjacent to the exterior walls of the building.
- 3.24 CEMETERY** shall mean a burial ground, and shall not include a crematorium, columbarium or mausoleum.

- 3.25 CLINIC** shall mean a building or part thereof used by the health care professions, their staff and their patients for the purposes of consultation, diagnosis and office treatment.
- 3.26 CLINIC, MEDICAL** - A building or structure where four (4) or more medical practitioners provide diagnosis and treatment to the general public without overnight accommodation. Practitioners include, but are not limited to; members of the medical profession, dentists, chiropractors, chiropodists, pediatricists, optometrists, osteopaths, and physio and/or occupational therapists. Secondary uses include, but are not limited to; reception areas, child care facilities for the children of the medical professionals and their patients in attendance in the clinic, coffee shop, ultra sound/radiology laboratory, dispensary for medications, a testing laboratory, audiologist, massage therapist, fitness center, and other uses supportive and incidental to the medical profession and providing that all such uses have access only from the interior of the building or structure, with the exception of a dispensary for medications which may have one direct street front access.
- 3.27 CLINIC, VETERINARY OR HOSPITAL** shall mean a building or part thereof used by veterinarians primarily for the purposes of consultation, diagnosis and office treatment of household pets, but shall not include long-term boarding facilities for animals.
- 3.28 CLUB, PRIVATE** shall mean the use of land, buildings or structures as a meeting place for members of a chartered organization and shall include, but not be limited to, a lodge, a fraternity and a labour union hall.
- 3.29 CLUB, COMMERCIAL** shall mean an athletic, recreational or social club operated for gain or profit.
- 3.30 COMMERCIAL USE** shall mean the use of land, buildings or structures for the purpose of buying or selling commodities and supplying services, but does not include an industrial use.
- 3.31 COMMERCIAL USE, CONVENIENCE** shall mean a building or part of a building where a variety of household products (e.g. furniture polish, paper towel), meat, baked goods and grocery items are offered for sale primarily to serve the day-to-day needs of the residents of the residential area in the general vicinity of the building and may include a video rental outlet, a dry cleaner's distribution station, the sale of flowers and plants.
- 3.32 COMMERCIAL USE, RETAIL** shall mean a building or part of a building in which goods, wares, merchandise, substances, articles or things are offered and kept for retail use.
- 3.33 COMMERCIAL USE, RETAIL OF ALCOHOL/LIQUOR/WINE/BEER** shall mean a building or part of a building in which alcohol, liquor, wine, and beer are offered and kept for retail sale as the primary use. This definition shall not include: a beer store, a wine store, a restaurant or tavern, and a brew on premises operation.
- 3.34 COMMUNICATIONS PRODUCTION USE** shall mean a building or part of a building used for the production, reception and/or transmission of information by electronic means and may include related administration and customer services.
- 3.35 CONFERENCE CENTRE** shall mean an establishment used for the holding of conventions, seminars, workshops or similar activities, including dining and lodging facilities for the use of participants, as well as compatible accessory facilities.
- 3.36 CONSERVATION** shall mean the use of land and/or water for the purpose of planned management of natural resources.
- 3.37 CONTRACTOR'S DISPLAY AND STORAGE FACILITY** shall mean a building or portion thereof used by a contractor and may include a business office, outside display of finished products and wares, limited outside storage of equipment but does not include any facility for manufacturing.
- 3.38 CONTRACTOR'S OFFICE** shall mean a building or portion thereof used by a contractor as a business office and may include internal display of products and wares.

- 3.39 CONTRACTOR'S YARD** shall mean a yard, building and office of any contractor where equipment and materials are stored or where a contractor performs shop or assembly work but does not include any other use or activity otherwise defined or classified herein.
- 3.40 CONVENTION CENTRE** shall mean a building or part thereof in which facilities are provided for such purposes as meetings for groups of civic, education, political, religious or social purposes.

- 3.52 DINING ROOM** shall mean that part of an eating establishment, or other building, which is used for the consumption of food by persons seated at booths, counters, tables or a combination thereof.
- 3.53 DRIVEWAY** shall mean a vehicular access provided between a street or lane and a parking area, parking space, or parking garage, or a loading space, or between two parking areas, but does not include a parking aisle.
- 3.54 DRY-CLEANING DISTRIBUTION STATION** shall mean a building or part of a building used for the purpose of receiving articles or goods of fabric to be subjected to the process of dry-cleaning, dry-dyeing or cleaning elsewhere and for the repair, pressing and distribution of any such articles or goods which have been subjected to any such process.

- 3.55 DRY-CLEANING ESTABLISHMENT** shall mean a building where dry-cleaning, dry-dyeing, cleaning or pressing of articles or goods of fabric is carried on and in which only non-flammable solvents are or can be used which emit no odours or fumes and from which no noise or vibration is emitted.
- 3.56 DRY INDUSTRY** shall mean an industry which by the nature of its operation, process or fabrication of raw materials or service rendered does not require a water supply other than that available from within the limits of the lot upon which the use is located and from which the only waste water discharges are one or more of the following:
- sanitary sewage produced by normal sanitary and eating facilities required for employees;
  - stormwater drainage;
  - water used for indirect cooling of equipment.
- 3.57 DWELLING** shall mean a building, or part thereof, occupied or capable of being occupied exclusively as a home, residence or sleeping place by one or more persons, but shall not include any vehicles, trailers, hotels, boarding or rooming houses, tourist home, bed and breakfast establishments, motel, institutions or living quarters for a caretaker, watchman or other person or persons using living quarters which are accessory to a non-residential building or structure.
- 3.58 DWELLING, APARTMENT** shall mean a building or part thereof consisting of three or more dwelling units which have a common entrance from the street level, and the occupants of which have the right to use in common, halls and/or stairs and/or elevators and yards, but does not include a boarding or rooming house, bed and breakfast establishment, motel or hotel.
- 3.59 DWELLING, CONVERTED** shall mean a building which has been altered internally to provide additional dwelling units without significant changes to the exterior of the building, with the exception of an exterior addition not exceeding 21 m<sup>2</sup> (226 ft<sup>2</sup>) in area.
- 3.60 DWELLING, DUPLEX** shall mean a building that is divided horizontally into two (2) dwelling units, each of which has an independent entrance either directly or through a common vestibule.
- 3.61 DWELLING, FOURPLEX** shall mean a building divided horizontally or a combination of vertically and horizontally into four dwelling units, each of which has an independent entrance either directly to the outside or through a common vestibule.
- 3.62 DWELLING, LINKED** shall mean one of a pair of single detached dwellings which have no apparent structural connection above grade, but which are horizontally coupled at the footing or foundation along not more than one side of each such dwelling house, provided that for a horizontal distance of not more than 1.5 m (5 ft) of its length, each such coupled side may have that portion of its footing or foundation which is not coupled.
- 3.63 DWELLING, LINKED GROUP** shall mean one of a group, containing more than two but not more than twelve single detached dwellings, which have no apparent structural connection above grade, but which are horizontally coupled at the footing or foundation along not more than two sides of each such dwelling house, provided that for a horizontal distance of not more than 1.5 m (5 ft) of its length, each such coupled side may have that portion of its footing or foundation which is not coupled. This definition shall not include any duplex dwelling or multiple dwelling.
- 3.64 DWELLING, MULTIPLE** shall mean a dwelling not otherwise defined herein, which contains three or more dwelling units.
- 3.65 DWELLING, SINGLE-DETACHED** shall mean a separate building including a modular home and a double-wide mobile home, designed and containing only one dwelling unit.
- 3.66 DWELLING, SEMI-DETACHED** shall mean a building that is vertically divided into two (2) dwelling units each which has an independent entrance either directly or through a common vestibule, provided that both dwelling units are vertically coupled from the footings to the highest point of the roof line and horizontally coupled, except for a distance of not more than 1.5 m (5 ft), by a common masonry wall.

- 3.67 DWELLING, SENIOR CITIZENS** shall mean any multiple unit dwelling designed for and occupied primarily by residents who have attained the age of sixty-five (65) years.
- 3.68 DWELLING, SPLIT LEVEL** shall mean a single detached dwelling in which the first floor above finished grade is so constructed as to create two or more different levels, the vertical distance between the levels being not more than 50% of the storey and such a dwelling shall be considered to be one storey in height.
- 3.69 DWELLING, TOWNHOUSE** shall mean a building divided vertically into three (3) or more separate dwelling units, each of which has an independent entrance either directly or through a common vestibule.
- 3.70 DWELLING, TRIPLEX** shall mean a building that is divided horizontally into three (3) separate dwelling units, each of which has an independent entrance either directly or through a common vestibule.

- 3.109 LIVESTOCK** shall mean poultry, cattle, hogs, horses, mink, rabbits, sheep, goats or any other domestic animal used for consumption.
- 3.110 LOADING SPACE** shall mean an area of a lot which is used or intended to be used for the temporary parking of any commercial vehicle while loading or unloading goods, merchandise or materials used in connection with the main use of the lot or any building thereon, and which has unobstructed access to a street or lane.
- 3.111 LOT** shall mean the total horizontal area described within the registered deed or other document legally capable of conveying land or shown as a lot or block on a registered plan of subdivision.
- 3.112 LOT AREA** shall mean the total horizontal area within the limits of the lot and for the purpose of this definition, the permitted lot area in each zone shall apply to that portion of such lot which is located within said zone unless otherwise specified.
- 3.113 LOT, CORNER** shall mean a lot situated at the intersection of or abutting upon two (2) or more public or private streets or lanes which intersect at an angle of less than one hundred and thirty-five (135) degrees.
- 3.114 LOT, COVERAGE** shall mean the combined area of all buildings or structures on the lot, measured at the level of the lowest storey above grade, including all porches and verandas open or covered and covered parking areas, but excluding open, unenclosed terraces at grade, decks, steps, cornices, eaves, bay windows, chimney breasts, corbelling and similar projections, and swimming pools.
- 3.115 LOT DEPTH** shall mean the horizontal distance between the front and rear lot lines. If the front and rear lot lines are not parallel, "lot depth" shall mean the length of a straight line joining the middle of the front lot line with the middle of the rear lot line. When there is no rear lot line, "lot depth" shall mean the length of a straight line joining the middle of the front lot line with the apex of the triangle formed by the side lot lines. Where the front lot line is curved "lot depth" shall be measured from a line drawn parallel to the chord of the arc constituting the lot line, lying midway between said chord and a line drawn parallel to said chord and tangent to said arc. (For the purposes of this By-law, the chord of the lot frontage is a straight line joining the two points where the side lot lines intersect the front lot lines).

- 3.116 LOT FRONTAGE** shall mean the horizontal distance between the side lot lines, along the front lot line. In the case of a lot where the front lot line is not a straight line, the lot frontage shall be the distance between the side lot lines measured on a line parallel to and set back six (6) metres (20 ft) from a straight line connecting the two points of intersection of the side lot lines and the front lot line. In the case of a corner lot with a daylighting triangle, the lot lines abutting the street shall be deemed to extend to their hypothetical point of intersection for the purpose of calculating lot frontage.
- 3.117 LOT INTERIOR** shall mean a lot situated between adjacent lots and having access to one street.
- 3.118 LOT LINE** shall mean the boundary line of a lot or the vertical projection thereof.
- 3.119 LOT LINE, EXTERIOR SIDE** shall mean the side lot line on a corner lot which abuts a street or a 0.3 m (1 ft) reserve adjacent to a street.
- 3.120 LOT LINE, FRONT** shall mean, except in the case of a corner lot, the line dividing the lot from the street. In the case of a corner lot, the shorter boundary line abutting the street shall be deemed the front lot line and the longer boundary line abutting the street shall be deemed the side lot line; in case each of such lot lines should be of equal length the front lot line shall be deemed to be the front lot line as established in the block by prior construction. In the case of a through lot, the lot line where the principal access to the lot is provided shall be deemed to be the front lot line.
- 3.121 LOT LINE, REAR** shall mean the lot line farthest from or opposite to the front lot line. In the case of lots abutting streets on more than two sides the rear lot line shall mean the rear lot line as established by prior construction. In the case of a lot with only three sides (triangle), such lot shall be deemed to have no rear lot line; and such lot shall be deemed to have a front lot line, as defined herein, and two side lot lines.
- 3.122 LOT LINE, SIDE** shall mean a lot line other than a front or rear lot line.
- 3.123 LOT SHALLOW/WIDE** shall mean a lot that has a lot frontage which is greater than the lot depth by a minimum of 5 m.
- 3.124 LOT THROUGH** shall mean a lot bounded on two opposite sides by streets provided, however, that if any lot qualifies as being both a corner lot and a through lot as herein before defined, such lot shall be conclusively deemed to be a corner lot. The front yard for a through lot shall be that to which the street address applies.
- 3.125 MAIN ENTRY FEATURE** shall mean a platform with at least one side open, covered by either a roof, balcony or enclosed space, with or without a foundation and/or basement that provides access to the dwelling unit.
- 3.126 MAIN FRONT FEATURE** shall mean the door which is designed as the primary access point into the dwelling unit.

**4.1.2** The permissible uses, the minimum size and dimensions of lots, the minimum size of yards, the maximum lot coverage, gross floor area, the minimum landscaped open space, the maximum height of buildings and all other zone provisions are set out herein for the respective zones.

**4.1.3** Imperial figures throughout this document are included for information purposes only and are not exact conversions of the metric figures. Reference should always be made to the metric figures in determining conformity with the By-law.

**4.2 ZONING MAPS**

The extent and boundaries of all the said zones are shown on Schedule "A" which Schedule forms a part of this By-law and is attached hereto. Schedule "A" is comprised of fifteen maps: Map 1 through to Map 15 inclusive. Specific site plans which form a part of this By-law are attached as Schedule "B" to this By-law. 'Reduced Parking Area' is attached as Schedule "C".

**4.3 USE OF ZONE SYMBOLS**

The symbols listed in Subsection 4.1 may be used to refer to land, buildings and structures and the uses thereof permitted by this By-law in said Zones; and whenever in this By-law the word "Zone" is used, preceded by any of the said symbols, such zones shall mean any area within the boundaries delineated on Schedule "A" and designated thereon by the said symbol.

**4.4 APPLICATION OF REGULATIONS**

No person shall within any of the Zones defined in this By-law and delineated on the Zoning Maps, Schedules "A", hereto appended, use any land or erect, build, construct, reconstruct, relocate, excavate for, alter, add to, enlarge, extend or use any building or structure, except in conformity with the regulations of this By-law for the zone in which such land, building, structure or use is located.

**4.5 SPECIAL ZONES**

Wherever a zone symbol on Schedule "A" hereto is followed by a dash and a number, such as "R2-1", or a set of brackets enclosing a special symbol, such as (H) or (sp77), the lands so designated shall be subject to, and used in accordance with all the provisions of this By-law applicable to the zone represented by such symbol, except as otherwise specifically provided in the special regulations applicable to that site.

**4.6 INTERPRETATION OF ZONE BOUNDARIES**

Where any uncertainty exists as to the location of the boundary of any of the said zones as shown on Schedules "A", Map 1 through 15 the following shall apply:

**4.6.1 Centerline Limits**

Where any zone boundary is shown as approximately the centreline of a street, lane, watercourse or any other right-of-way, such zone boundary shall be construed to follow the centreline of the street, lane, watercourse or other right-of-way or the production thereof;

**4.6.2 Lot Lines**

Where the Zone boundaries are not shown to be streets or lanes, and where indicated, boundaries on Schedules "A" are approximately lot lines, the said lot lines shall be construed to be the zone boundaries unless the said boundaries are otherwise indicated on the Maps;

---

**4.6.3 Symbol of Zone**

Where one symbol is used on the Zoning Maps to indicate the zone classification of an area divided by a street or lane, the said symbol shall establish the classification of the whole of such area;

**4.6.4 Closed Street or Lane**

In the event a dedicated street, road or lane, as shown on Schedule "A" and the Zone Maps attached hereto is closed, the property formerly in said street, road or lane shall be included within the Zone of the adjoining property on either side of the said closed street, road or lane. Where a closed street or road is the boundary between two or more different zones, the new zone boundary shall be the former centre line of the closed street, road or lane.

**4.6.5 Boundaries Other Than Street or Lot Lines**

Where a zone boundary is not a street or lane, nor a lot line, and a specific measurement indicating the position of the said boundary is not shown on the Zoning Maps, or indicated in the text of the By-law, the position thereof shall be determined by scaling from the Zone Map(s) located in the office of the Zoning Administrator;

**4.6.6 Zone Abuts Lakeshore or Natural Watercourse**

Where any zone on the Schedules abuts a lakeshore, such zone shall be deemed to extend into the lake and to apply to any water lots or to any land created by changing lake levels, land fill operations or by any other means. Where any zone on the Zone Maps abuts a natural watercourse, such zone shall be deemed to apply to the natural watercourse.

### **5.2 APPLICATION**

The regulations of this section shall apply to all zones.

### **5.3 USES PERMITTED IN ALL ZONES**

The following uses are permitted in all zones:

#### **5.3.1 Services and Utilities**

The regulations of this By-law shall not apply to prevent the use of any land for a purpose which serves the immediate community, such as a street, or to prevent the installation of utilities which serve the immediate community such as a water main, sanitary sewer main, gas distribution main, telephone line, electric power or other communication lines and accessory structures and facilities, provided that no goods, material or equipment shall be stored in the open in a Residential Zone.

#### **5.3.2 Public Use**

The regulations of this By-law shall not apply to the use of any land or to the erection or use of any building or structure for the purpose of public service, including park and recreation facilities, by the Municipality, County of Northumberland or by any local Board thereof, or the Governments of Ontario or Canada, and their agents provided that:

- i) electric power-generating facilities, maintenance and works yards and depots and sewage treatment facilities shall only be permitted in an industrial zone;
- ii) no goods, material or equipment shall be stored in the open except as permitted by the provisions of the zone in which the use is located;
- iii) the zone provisions of the zone within which the use is located shall be complied with, except for electric power facilities;
- iv) no buildings or structures shall be permitted in any Environmental Constraint Zone, except those for flood and erosion prevention and control and landscape stabilization.

### **5.3.3 Construction Use**

Any sheds, scaffolds or other structures incidental to building construction shall be permitted for as long as same are necessary for work in progress which has been neither finished or abandoned.

### **5.3.4 Temporary Use**

A temporary use authorized by Council in a By-law passed under Section 39 of the Planning Act, RSO 1990, c.P.13 shall be permitted.

## **5.4 PROHIBITED USES**

Unless specifically permitted in this By-law, all uses are prohibited. The following uses are prohibited throughout the Town:

- i) wrecking or salvage yards;
- ii) uses classified as a health hazard under the Health Protection and Promotion Act or any regulation made thereunder;
- iii) no land, buildings or structure for industrial or commercial uses which are likely to create danger to health, or danger from fire or explosion except automobile service stations, operations for the undercoating of vehicles with oil or other compounds, and duly-licensed installations for the bulk storage of gasoline, lubricating and fuel oils are permitted; without limiting the generality of the foregoing, the prohibited uses shall include storage or manufacture of coal oil, water oil, rock oil, fuel oil, burning fluid, gas, naptha, benzene, gasoline, dynamite, dualine, nitro-glycerine, gunpowder, petroleum and petroleum products.

## **5.5 NON-COMPLYING USES**

Where a use, building or structure was legally established prior to the date of the passing of this By-law, and is permitted by the regulations of the zone in which such use, building or structure is located, but does not meet the zone regulations with respect to yards, lot area, frontage, parking, setback or other regulations of this By-law applicable to that zone, the said building shall be deemed to comply with the By-law and may be enlarged, reconstructed, repaired or renovated provided that any regulations which are currently not met, are not further contravened and that all regulations which are complied with, are not contravened by any works undertaken. The provisions relating to legal non-complying uses shall no longer apply once the use of the building or structure has discontinued for a period of twelve consecutive months or longer.

## **5.6 NON-CONFORMING USES**

### **5.6.1 Modifications**

Where a building or structure which was erected prior to the date of the passing of the By-law is used for a purpose not permitted in the use zone in which it is situated, the said building or structure may be reconstructed, repaired or renovated provided that the reconstruction, repair or renovation does not involve any alteration of use or expansion of the building or structure and the building or structure continues to be used for the same purpose.

### **5.6.2 Discontinuation of Use**

The regulations of this By-law shall not prevent the use of any land, building or structure for any purpose prohibited by the By-law, if such land, building or structure was lawfully used for such purpose on the day of the passing of the By-law, so long as it continues to be used for that purpose and the use is not discontinued for a period of twelve consecutive months or longer.

### **5.6.3 Prior Approval of Plans**

The regulations of this By-law shall not apply to prevent the erection or use of any land, building or structure, for a purpose prohibited by the By-law of where the building permit has been issued prior to the date of the passing of the By-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected, and provided the erection of such building or structure is commenced within six months after the date of the passing of the By-law and such building is substantially completed within one year after the erection thereof is commenced.

### **5.6.4 Restoration of Non-Conforming Uses**

Where a building or structure is used for a legal non-conforming use and said building or structure is destroyed or damaged by fire or natural disaster, nothing in this By-law shall prevent the reconstruction or repair of said building or structure for the continuation of the legal non-conforming use.

## **5.7 LOTS OF RECORD**

### **5.7.1 Undeveloped Lots**

Notwithstanding any other regulations of this By-law, lots existing at the date of the passing of this By-law or lots created by expropriation or municipal acquisition, including lots with less than the required frontage or lot depth or lot area may be developed for the uses specified in the appropriate zone provided all other regulations of the By-law are satisfied, and provided that, where municipal services are unavailable, written approval of the proposed water supply and sewage disposal facilities is obtained from the Health Unit.

### **5.7.2 Lots With Existing Buildings and Structures**

Notwithstanding any other regulations of this By-law, where a use, building or structure was legally established on a lot, and such lot was subsequently altered by expropriation or municipal acquisition thereby causing the use, building or structure to contravene any regulations of the By-law, the said use, building or structure shall be deemed to comply with the By-law and may be enlarged, extended, reconstructed, repaired or renovated provided that any regulations which are currently not met, are not further contravened and that all regulations which are complied with, are not contravened by any works undertaken.

## **5.8 LAND WITHOUT BUILDINGS**

Where land is used for or in connection with residential, commercial, industrial or institutional uses but without any buildings or structures thereon, all yards required by this By-law on a lot in the respective use zone shall be provided and maintained as yards and the applicable regulations shall apply, except where the land or lot is used for gardening or open space purposes not prohibited by this By-law in such use zone.

## **5.9 REQUIREMENT FOR MUNICIPAL SERVICES**

Notwithstanding any other provisions of this By-law, no lands shall be used nor any building or structure erected or used thereon unless such municipal services as the Town ordinarily requires upon the development or redevelopment of land are available and capable of servicing the said land, building or structures. However, for lands in the Residential 1 or Residential 2 Zones where public water or sewage services are not available development shall be permitted subject to the applicable provisions of this By-law and the proposed development can be adequately serviced by appropriate private water and sewage services.

## **5.10 MULTIPLE USES/ZONES**

Notwithstanding any other provision of this By-law, where any land, building or structure is used for more than one purpose, or where more than one use zone applies, all provisions of this By-law shall be complied with except in the case of lot area, lot frontage, coverage and yard requirements, in which case the most restrictive or stringent requirement shall apply, except if specified otherwise in this By-law.

## **5.11 LOTS TO FRONT ON PUBLIC ROAD**

**5.11.1** Unless otherwise specified by this By-law, no person shall erect a building or structure, and no person shall use any building or structure, unless the lot upon which the building or structure is situated, erected, or proposed to be erected abuts or fronts on an assumed public street which has a width of 18 metres (60 feet) or more and which is of satisfactory construction and maintenance to permit the reasonable and safe passage of motor vehicles travelling in two directions and which is maintained by the municipality on a year round basis.

**5.11.2** Notwithstanding the requirements of Section 5.11.1, a building or structure may be situated or erected on a lot which:

- i) fronts upon an assumed public street provided such building or structure is set back to meet or exceed the established building line, recognizes any road widenings to the Town's satisfaction, and is in compliance with any other requirements of this By-law; or,
- ii) is within a registered plan of subdivision, in accordance with the provisions of a subdivision agreement in respect of such plan of subdivision, notwithstanding that the roads within such plan of subdivision have not been assumed and are not being maintained by the Municipality; or,
- iii) is within a registered plan of subdivision which has been approved, after the adoption of this By-law, with road allowances of greater than 15 m (50 ft), but less than 20 m (66 ft); or,
- iv) fronts on a right-of-way that has a minimum 10 m (33 ft) width.

**5.11.3** Lots fronting on the following public streets are exempt from the provisions of Sections 5.11.1 and 5.11.2:

Alice Street  
Anne Street  
Bagot Street  
Ball Street (Blake to University)  
Balls Lane

**5.11.4** Notwithstanding the requirements of Sections 5.11.1 and 5.11.2 within the area bounded by Highway 2, Rogers Road, the CPR track, Loveshin Road, Lake Ontario and the Town boundary, a building or structure may be situated or erected on a lot which:

- i) is within a registered plan of subdivision which has been approved with road allowances of 11 m or more; or,
- ii) is within a registered plan of subdivision which has been approved with road allowances of 11 m or more, in accordance with the provisions of a subdivision agreement in respect of such plan of subdivision, notwithstanding that the roads within the plan of subdivision have not been assumed and are not being maintained by the Municipality.

**5.12 PLANNED WIDTH OF STREET ALLOWANCE**

No person shall erect any building or structure in any zone on the following streets or portions of streets unless such building or structure conforms to the following setback requirements and furthermore, in determining any requirements of the Zoning By-law, the portion of the lot lying within the setback shall be deemed not to form part of the lot:

Notwithstanding any other provisions of this By-law, on-street parking shall be permitted on all public streets within the area bounded by Highway 2, Rogers Road, the CPR track, Loveshin Road, Lake Ontario and the Town boundary.

**6.2 LOADING PROVISIONS**

**6.2.1** The owner or occupant of any lot, building or structure in a Commercial or Industrial Zone, with the exception of all zones located within the "Reduced Parking Requirement Area - Downtown" as depicted on Schedule "C" used or erected for any purpose involving the receiving, shipping, loading or unloading of persons, animals, goods, wares and merchandise and raw materials, shall provide and maintain at the premises, in the lot occupied by the building or structure and not forming part of a public street or lane, within the zone in which such use is located, loading or unloading facilities comprising one or more loading or unloading spaces, 4.5 m (15 ft.) wide in accordance with the following requirements:

Type of Use	Total Gross Floor Area of Building and Structure, including	Number of Loading Spaces Required
Retail Commercial Use: ( MC Zone is exempt)	0 – 2,350 m <sup>2</sup> (0 – 25,300 ft. <sup>2</sup> )	1
	2,351 m <sup>2</sup> – 7,450 m <sup>2</sup> (25,301– 80,200 ft. <sup>2</sup> )	2
	greater than 7,450 m <sup>2</sup> (80,200 ft. <sup>2</sup> )	2, plus 1 additional space for each additional 9,300 m <sup>2</sup> (100,000 ft. <sup>2</sup> ) of gross floor area
Industrial Uses:	0 – 280 m <sup>2</sup> (0 – 3,000 ft. <sup>2</sup> )	1
	281–2,350 m <sup>2</sup> (3,001– 25,300 ft. <sup>2</sup> )	2
	2,351– 7,450 m <sup>2</sup> (25,301– 80,200 ft. <sup>2</sup> )	3
	greater than 7,450 m <sup>2</sup> (90,200 ft. <sup>2</sup> )	3, plus 1 additional space for each additional 9,000 m <sup>2</sup> (97,000 ft. <sup>2</sup> )

- 6.2.2** Access to loading or unloading spaces shall be by means of a driveway at least 6 m (20 ft.) wide contained within the lot on which the spaces are located and leading to a public street or land located within or adjoining the Commercial or Industrial Zone. All vehicular movement required to access the loading zone shall be on private property.
- 6.2.3** The loading space or spaces required shall be located in the interior side or rear yard.
- 6.2.4** The loading space requirements referred to herein shall not apply to any building in existence at the date of passing of this By-law, so long as the floor area as it existed at such date is not increased. If an addition is made to the building or structure which increases the floor area, then loading spaces shall be provided for such addition as required by Section 6.2.1.

#### **7.1.9 Rear Yard**

7 metres (23 ft.) minimum.

#### **7.1.10 Interior Side Yard**

- i) The minimum width shall be 1 m. (3.3 ft.) plus 0.6 metres (2 ft.) for each additional storey above the first storey, for each interior side yard;

- ii) Where tile bed for a septic tank is located in the rear yard, the minimum width shall be 1 m (3.3 ft) plus 0.6 m (2 ft.) for each additional storey above the first storey on one side of the main building and a minimum of 4.0 m (13.2 ft.) on the other side of the main building.

**7.1.11 Exterior Side Yard**

The established building line, or where not applicable, 6 m (20 ft.) minimum.

**7.1.12 Landscaped Open Space**

Minimum 30% of the lot.

**7.1.13 Building Height**

2 storeys maximum.

**7.1.14 Parking**

In accordance with the provisions of Section 6.

**7.1.15 Regulations for Home Occupations**

Home occupations shall:

- i) be limited to one per dwelling unit;
- ii) be operated by an occupant of the dwelling and have no employees other than those resident in the dwelling;
- iii) supply sufficient on-site parking for both the residential unit and the home occupation and in accordance with Parking Regulations, Section 6;
- iv) only have a sign that complies with the Municipality's By-law governing signs;
- v) have no external storage of materials, containers or finished products;
- vi) not change the character of the dwelling as a private residence or create or become a nuisance in regard to noise, traffic or parking;
- vii) not use any mechanical equipment, except that ordinarily used for household tasks or recreational hobbies;
- viii) not occupy more than 25% of the gross floor area of the dwelling unit or 23 m<sup>2</sup> (250 ft.<sup>2</sup>) maximum, including in the gross floor area any basement or cellar area used as living quarters and any basement or cellar area used for the home occupation;
- ix) be confined to a dwelling unit on the lot in terms of any and all parts of the home occupation use.

**7.1.16 Regulations for Detached Accessory Buildings and Structures**

Private garages and other accessory buildings and structures not attached to the main building shall:

- i) not be used for human habitation;
- ii) not be built closer to the front lot line than the main building on the lot;

- iii) have a minimum exterior side yard abutting the street line of 6 m (20 ft.) for a detached parking garage on a corner lot. For a detached accessory structure that is not intended for the storage or parking of a motor vehicle, boat storage, snowmobile, etc. and does not have an associated driveway, a minimum 1 m (3.3 ft.) exterior side yard may be permitted;
- iv) have a minimum interior side yard of 1 m (3.3 ft.). Semi-detached garages may be centred on a mutual side lot line;
- v) have a minimum rear yard of 1 m (3.3 ft.);
- vi) not exceed 4.5 m (15 ft) in height;
- vii) not exceed 8 % coverage of the lot area, provided that the coverage of all buildings on the lot shall not exceed 35 % of the lot area;
- viii) not be located within 1.5 m (5 ft.) of any other building or structure on the lot.

#### **7.1.17 Regulations for Swimming Pools**

Private swimming pools, including in-ground and above ground pools, may be constructed and maintained as accessory uses to a dwelling provided that such a use:

- i) shall only be permitted in the rear yard of the lot;
- ii) shall not be located within 1.5 m (5 ft.) of a side or rear lot line, or within 3 m (10 ft.) of a lot line which abuts the street and no water circulating or treatment equipment such as pumps or filters shall be located closer than 3 m (10 ft.) to any side or rear lot line;
- iii) shall be considered part of the landscaped open space area for the purpose of lot coverage.

#### **7.1.18 Regulations for Day Nurseries**

A day nursery may be permitted in a single detached dwelling unit provided that:

- i) no part of any required front or exterior side yard shall be used for the purposes of outdoor play space accessory to the day nursery;
- ii) parking is to be supplied on site and in accordance with Section 6.1.1(iii).

#### **7.1.19 Setback from Environmental Constraint Zone**

Where any R1 zone abuts an Environmental Constraint (EC) Zone, all buildings and structures shall be set back a minimum of 3 m (10 ft.) from the boundary of the EC Zone.

#### **7.1.20 Property Abutting Railway Mainline**

Where any (R1) zone abuts a railway main line:

- i) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;

- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- vi) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

#### **7.1.21 Railway Yards:**

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.
- ii) Where any lands zoned (R1) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/re-development may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and
- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

- ii) parking is to be supplied on site and in accordance with Section 6.1.1(iii).

### **9.1.19 Setback from Environmental Constraint Zone**

Where any R3 Zone abuts an Environmental Constraint (EC) Zone, all buildings and structures in the R3 Zone shall be setback a minimum of 3 m (10 ft.) from the boundary of the EC Zone.

### **9.1.20 Property Abutting Railway Mainline**

Where any (R3) zone abuts a railway main line:

- i) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- vi) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

### **9.1.21 Railway Yards:**

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.

- ii) Where any lands zoned (R3) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/redevelopment may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and
- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

- viii) not occupy more than 25% of the gross floor area of the dwelling unit or 23 m<sup>2</sup> (250 ft<sup>2</sup>) maximum including the gross floor area any basement or cellar area used as living quarters and any basement or cellar area used for the home occupation;
- ix) be confined to a dwelling unit on the lot in terms of any and all parts of the home occupation use.

#### **10.1.19 Regulations for Accessory Buildings and Structures**

Private garages and other accessory buildings and structures not attached to the main building shall:

- i) not be used for human habitation;
- ii) not be built closer to the front lot line than the main building on the lot;
- iii) have a minimum exterior side yard abutting the street line of 6 m (20 ft.) for a detached parking garage on a corner lot. For a detached accessory structure that is not intended for the storage or parking of a motor vehicle, boat storage, snowmobile, etc. and does not have an associated driveway, a minimum 1 m (3.3 ft.) exterior side yard may be permitted;
- iv) have a minimum interior side yard of 1 m (3.3 ft.). Semi-detached garages may be centred on a mutual side lot line;
- v) have a minimum rear yard of 1 m (3.3.ft.);
- vi) not exceed 4.5 m (15 ft.) in height;
- vii) not exceed 8% coverage of the lot area, provided that the coverage of all buildings on the lot shall not exceed 40 % of the lot area;
- viii) not be located within 1.5 m (5 ft.) of any other building or structure on the lot.

#### **10.1.20 Regulations for Swimming Pools**

Private swimming pools, including in-ground and above ground pools, may be constructed and maintained as accessory uses to a dwelling provided that such a use:

- i) shall only be permitted in the rear yard of the lot;
- ii) shall not be located within 1.5 m (5 ft.) of a side or rear lot line, or within 3 m (10 ft.) of a lot line which abuts the street and no water circulating or treatment equipment such as pumps or filters shall be located closer than 3 m (10 ft.) to any side or rear lot line;
- iii) shall be considered part of the landscaped open space area for the purposes of lot coverage.

#### **10.1.21 Setback from Environmental Constraint Zone**

Where any R4 Zone abuts an Environmental Constraint (EC) Zone, all buildings and structures in the R4 Zone shall be setback a minimum of 3 m (10 ft.) from the boundary of the EC Zone.

### 10.1.22 Refuse and recycling enclosures

Open Storage of goods and materials are not permitted in the (R4) zone. Refuse and recycling enclosures are permitted under the following regulations:

- i) any refuse and recycling enclosures shall only be located only in the side or rear yards; and
- ii) the refuse and recycling enclosure shall be constructed of an architectural concrete block, masonry, stone, stucco, and/or brick (ie: consistent with the construction of the primary building) with a minimum 1.8 m (6 ft.) in height.

### 10.1.23 Property Abutting Railway Mainline

Where any (R4) zone abuts a railway main line:

- i) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- vi) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

### 10.1.24 Railway Yards:

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.
- ii) Where any lands zoned (R4) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/redevelopment may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and

- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

**15.1.15 Regulations for Accessory Buildings and Structures**

Accessory buildings and structures not attached to the main building, including any trailer used as such shall:

- i) not be used for human habitation;
- ii) not be built closer to the front lot line than the main building on the lot;
- iii) not exceed 8% coverage of the lot area;
- iv) meet all other yard requirements of the MC zone;
- v) be located a minimum of 1.5 m (5 ft.) away from any other building or structure on the lot;
- vi) be a maximum of 3 storeys in height.

**15.1.16 Setback from Environmental Constraint Zone**

Where the boundary of any MC Zone abuts an Environmental Constraint (EC) Zone, all buildings and structures in the MC Zone shall be setback a minimum of 1.5 m (5 ft.) from the boundary of the EC Zone.

### 15.1.17 Property Abutting Railway Mainline

Where any (MC) zone abuts a railway main line:

- i) new (MC) buildings and new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- vi) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

### 15.1.18 Railway Yards:

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.
- ii) Where any lands zoned (MC) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/ redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/ redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/re-development may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and
- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

### 15.1.19 Refuse and recycling enclosures

Open Storage of goods and materials are not permitted in the (MC) zone. Refuse and recycling enclosures are permitted under the following regulations:

- i) any refuse and recycling enclosures shall only be located only in the side or rear yards; and

- ii) the refuse and recycling enclosure shall be constructed of an architectural concrete block, masonry, stone, stucco, and/or brick (ie: consistent with the construction of the primary building) with a minimum 1.8 m (6 ft.) in height.

- ii) office use;
- iii) open storage;
- iv) a single residential unit for a caretaker;
- v) retail uses to a total maximum gross floor area of 15% of the gross floor area of the main building.

#### **17.1.3 Prohibited Uses**

Prohibited uses, buildings and structures shall include:

- i) hazardous uses which do not comply with the requirements of The Environmental Protection Act; and
- ii) retail and service commercial uses, with the exception of products produced and/or assembled on the premises which may be retailed from the premises provided that the retail operation occupies less than 15% of the area of the main building.

#### **17.1.4 Permitted Buildings and Structures**

- i) buildings and structures for the permitted uses, including an industrial mall building;
- ii) one dwelling unit for a caretaker in a portion of a building used for a permitted use;
- iii) accessory buildings and structures for the permitted uses.

**17.1.5 Lot Area**

1,400 m<sup>2</sup> (15,000 ft<sup>2</sup>) minimum.

**17.1.6 Lot Frontage**

30 metres (100 ft.) minimum.

**17.1.7 Lot Coverage**

60% maximum.

**17.1.8 Front Yard**

9 metres (30 ft.) minimum.

**17.1.9 Rear Yard**

7.5 metres (25 ft.) minimum.

**17.1.10 Interior Side Yard**

3 metres (10 ft.) minimum.

**17.1.11 Exterior Side Yard**

9 metres (30 ft.) minimum.

**17.1.12 Yards Abutting or Adjacent to Other Zones**

Where any lot line abuts a Residential, Institutional, Open Space or Development Zone or where the lands on the opposite side of a street from a GM Zone are in such a zone then any yard abutting or opposite an area in such a zone shall have a minimum width of 15 m (50 ft.) and shall not be used for open storage or loading facilities.

**17.1.13 Landscaped Open Space**

Minimum 10% of the lot.

**17.1.14 Building Height**

13 metres (43 ft.) maximum.

**17.1.15 Parking and Loading**

In accordance with the provisions of Section 6.

**17.1.16 Regulations for Accessory Buildings and Structures**

Accessory buildings and structures not attached to the main building shall:

- i) not be used for human habitation;
- ii) not be built closer to the front lot line than the main building on the lot;
- iii) not exceed 40% coverage of the lot area, provided that the coverage of all buildings and structures on the lot shall not exceed 60% of the lot area;
- iv) meet all other yard requirements of the GM Zone;

- v) be located a minimum of 3 m (10 ft.) away from any other building or structure on the lot;
- vi) be a maximum of 13 m (43 ft.) in height.

#### **17.1.17 Property Abutting Railway Mainline**

Where any (GM) zone abuts a railway main line:

- i) new industrial buildings to be used for employment purposes (service shop, factory, workshops, laboratory, research and development, etc) shall be set back from the mutual property line a minimum of 15 m (50 ft.) in conjunction with a 2.0 m (6.5 ft) high earthen berm. A minimum setback of 60 m (200 ft) from the mutual property line is required if a berm is not to be provided;
- ii) a new industrial building not used for employment purposes (warehouse and storage, etc.) shall be set back from the railroad right-of-way a minimum of 15 m (50 ft);
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- iv) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- v) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- vi) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- vii) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- viii) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

#### **17.1.18 Railway Yards:**

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.
- ii) Where any lands zoned (GM) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/re-development may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and

- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

#### **17.1.19 Open Storage**

Open storage of goods and materials shall be permitted provided that:

- i) any storage area shall not be permitted: in the front yard; or within 9 m (30 ft) of any lot line abutting a street; or within 9 m (30 ft) of a property line abutting a Residential, Institutional, Open Space or Development Zone; and
- ii) the storage area is enclosed by a masonry or stone wall, or solid wood, or closed chain link fence of a minimum 2 m (6 ft.) in height, where such storage is located adjacent to a Residential, Institutional, Open Space or Development Zone; and
- iii) The provisions of this section shall not apply to the Town's sewage control plant and works yard.

#### **17.1.20 Refuse and recycling enclosures**

Refuse and recycling enclosures shall be permitted under the following regulations:

- i) any refuse and recycling enclosures shall only be located only in the side or rear yards; and
- ii) the refuse and recycling enclosure shall be constructed of an architectural concrete block, masonry, stone, stucco, and/or brick (ie: consistent with the construction of the primary building) with a minimum 1.8 m (6 ft.) in height.

#### **17.1.21 Setback from Environmental Constraint Zone**

Where any GM Zone abuts an Environmental Constraint (EC) Zone, all buildings and structures in the GM Zone shall be setback a minimum of 3 m (10 ft.) from the boundary of the EC Zone.

### **17.2 SPECIAL USE REGULATIONS**

The regulations contained in subsection 17.1, General Use Regulations shall apply to the special use area or areas defined below, except as otherwise specifically provided in the special use regulations in this subsection 17.2.

- i) be built closer to the front lot line than the main building on the lot;
- ii) be located within 1 m. (3.3 ft.) of a side or rear lot line, except on a corner lot where the minimum side yard abutting a street shall be 6 m (20 ft.);
- iii) exceed 3 storeys in height;
- iv) exceed 3% coverage of the lot area, provided that the coverage of all buildings on the lot shall not exceed 50% of the lot area;
- v) be located within 3 metres (10 ft.) of any other building or structure on the lot.

**19.1.14 Regulations for Swimming Pools**

Outdoor swimming pools, including in-ground and above ground pools, may be constructed and maintained as accessory uses to an institutional use provided that such a use:

- i) shall only be permitted in the rear yard of the lot;
- ii) shall not be located within 1.5 m (5 ft.) of a side or rear lot line, or within 3 m (10 ft.) of a lot line which abuts the street and no water circulating or treatment equipment such as pumps or filters shall be located closer than 3 m (10 ft.) to any side or rear lot line which abuts a Residential or Development Zone;
- iii) shall be considered part of the landscaped open space area for the purposes of lot coverage.

#### **19.1.15 Regulations for Day Nurseries**

A day nursery may be permitted in a separate building or in an institutional building provided that no part of any required front or exterior side yard shall be used for the purpose of outdoor play space accessory to the day nursery.

#### **19.1.16 Community Use of Places of Worship**

Notwithstanding any provisions of this Section any function of a community or charitable organization shall be deemed to be a permitted accessory use of a place of worship, provided that:

- i) such use shall be normally incidental and subordinate to the principal religious use of the place of worship; and,
- ii) such use shall not be intended or conducted for the monetary gain or profit of any person, group of persons or organization other than the place of worship or the bona fide recipients of charity.

#### **19.1.17 Setback from Environmental Constraint Zone**

Where any (I) Zone abuts an Environmental Constraint (EC) Zone, all buildings and structures in the (I) Zone shall be setback a minimum of 3 m (10 ft) from the boundary of the EC Zone.

#### **19.1.18 Property Abutting Railway Mainline**

Where any (I) zone abuts a railway main line:

- i) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- vi) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

#### **19.1.19 Railway Yards:**

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.

- ii) Where any lands zoned (I) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/re-development may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and
- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

#### **19.1.20 Refuse and recycling enclosures**

Open Storage of goods and materials are not permitted in the (I) zone. Refuse and recycling enclosures are permitted under the following regulations:

- i) any refuse and recycling enclosures shall only be located only in the side or rear yards; and
- ii) the refuse and recycling enclosure shall be constructed of an architectural concrete block, masonry, stone, stucco, and/or brick (ie: consistent with the construction of the primary building) with a minimum 1.8 m (6 ft.) in height.

#### **22.1.4 Lot Area**

8 hectares (20 acres) minimum.

#### **22.1.5 Lot Frontage**

60 metres (200 ft.) minimum.

#### **22.1.6 Lot Coverage**

20% maximum.

#### **22.1.7 Front Yard**

18 metres (60 ft.) minimum.

#### **22.1.8 Rear Yard**

18 metres (60 ft.) minimum.

#### **22.1.9 Side Yard**

9 metres (30 ft.) minimum.

**22.1.10 Landscaped Open Space**

No minimum requirement.

**22.1.11 Building Height**

13 metres (43 ft.) maximum.

**22.1.12 Parking**

In accordance with the provisions of Section 6.

**22.1.13 Regulations for Home Occupations**

Home occupations shall:

- i) be limited to one per dwelling unit;
- ii) be operated by an occupant of the dwelling and have no employees other than those resident in the dwelling;
- iii) have no external display or advertisement other than a sign which complies with the Municipality's By-law governing signs;
- iv) have no external storage of materials, containers or finished products;
- v) not change the character of the dwelling as a private residence or create or become a nuisance in regard to noise, traffic or parking;
- vi) not use any mechanical equipment, except that ordinarily used for household tasks or recreational hobbies;
- vii) not occupy more than 25% of the gross floor area of the dwelling unit or 23 m<sup>2</sup> (247 ft.<sup>2</sup>), including in the gross floor area any basement or cellar area used as living quarters and any basement or cellar area used for the home occupation;
- viii) be confined to a dwelling unit on the lot in terms of any and all parts of the home occupation use.

**22.1.14 Regulations for Accessory Buildings and Structures**

Accessory buildings and structures not attached to the main building shall:

- i) not be used for human habitation, with the exception of one single-detached dwelling on a lot as an accessory to an agricultural use;
- ii) not be built closer to the front lot line than the main building on the lot, with the exception of the permitted single detached dwelling;
- iii) not exceed 15% coverage of the lot area, provided that the coverage of all buildings and structures on the lot shall not exceed 20% of the lot area;
- iv) meet all other yard requirements of the (RU) Zone;
- v) be located a minimum of 3 m (10 ft.) away from any other building or structure on the lot;
- vi) be a maximum of 13 m (43 ft.) in height.

### **22.1.15 Setback from Environmental Constraint Zone**

Where any (RU) Zone abuts an Environmental Constraint (EC) Zone, all buildings and structures in the (RU) Zone shall be setback a minimum of 3 m (10 ft.) from the boundary of the EC Zone.

### **22.1.16 Property Abutting Railway Mainline**

Where any (RU) zone abuts a railway main line:

- i) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- vi) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

### **22.1.17 Railway Yards:**

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.
- ii) Where any lands zoned (RU) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/re-development may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and
- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

- ii) be operated by an occupant of the dwelling and have no employees other than those resident in the dwelling;
- iii) have no external display or advertisement other than a sign which complies with the Municipality's By-law governing signs;
- iv) have no external storage of materials, containers or finished products;
- v) not change the character of the dwelling as a private residence or create or become a nuisance in regard to noise, traffic or parking;
- vi) not use any mechanical equipment, except that ordinarily used for household tasks or recreational hobbies;
- vii) not occupy more than 25% of the gross floor area of the dwelling unit or 23 m<sup>2</sup> (250 ft.<sup>2</sup>), including in the gross floor area any basement or cellar area used as living quarters and any basement or cellar area used for the home occupation;

- viii) be confined to a dwelling unit on the lot in terms of any and all parts of the home occupation use.

### **23.1.8 Regulations for Accessory Buildings and Structures**

Private garages and other accessory buildings and structures not attached to the main building shall not:

- i) be used for human habitation;
- ii) be built closer to the front lot line than the main building on the lot;
- iii) be located within 1 m (3.3 ft.) of a side or rear lot line, except on a corner lot where the minimum side yard abutting a street shall be 6 m (20 ft.), and except that common semi-detached garages may be centred on a mutual side lot line;
- iv) exceed 4.5 m (15 ft.) in height;
- v) exceed 8 % coverage of the lot area, provided that the coverage of all buildings on the lot shall not exceed 30 % of the lot area;
- vi) be located within 1.5 metres (5 ft.) of any other building or structure on the lot.

### **23.1.9 Regulations for Swimming Pools**

Private swimming pools, including in-ground and above ground pools, may be constructed and maintained as accessory uses to a dwelling provided that such a use:

- i) shall only be permitted in the rear yard of the lot;
- ii) shall not be located within 1.5 m (5 ft.) of a side or rear lot line, or within 3 m (10 ft.) of a lot line which abuts the street and no water circulating or treatment equipment such as pumps or filters shall be located closer than 3 m (10 ft.) to any side or rear lot line;
- iii) shall be considered part of the landscaped open space area for the purpose of lot coverage.

### **23.1.10 Regulations for Day Nurseries**

A day nursery may be permitted in a single detached dwelling house abutting an Open Space (OS) Zone or a public or separate school site provided that no part of any required front or exterior side yard shall be used for the purposes of outdoor play space accessory to the day nursery.

### **23.1.11 Property Abutting Railway Mainline**

Where any (D) zone abuts a railway main line:

- i) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;

- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- vi) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

#### **23.1.12 Railway Yards:**

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.
- ii) Where any lands zoned (D) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/re-development may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and
- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

- viii) not occupy more than the lesser of 25% of the gross floor area of the dwelling unit or 23 m<sup>2</sup> (250 ft<sup>2</sup>), including in the gross floor area any basement or cellar area used as living quarters and any basement or cellar area used for the home occupation; and,
- ix) be confined to a dwelling unit on the lot in terms of any and all parts of the home occupation use.

#### **27.1.6 Regulations for Accessory Buildings and Structures**

Parking garages and other accessory buildings and structures not attached to the main building, shall not:

- i) be used for human habitation;
- ii) be built closer to the front lot line than the main building on the lot;
- iii) be located within 1 m. (3.3 ft.) of a side or rear lot line, except on a corner lot where the minimum side yard abutting a street shall be 6 metres (20 ft.), provided that common semi-detached parking garages may be centred on a mutual side lot line;
- iv) exceed 4.5 m (15 ft.) in height;
- v) exceed 8% coverage of the lot area;
- vi) be located within 1.5 metres (5 ft.) of any other building or structure on the lot.

#### **27.1.7 Regulations for Swimming Pools**

Private swimming pools, including in-ground and above ground pools, may be constructed and maintained as accessory uses to a dwelling provided that such a use;

- i) shall only be permitted in the rear yard of the lot;
- ii) shall not be located within 1.5 metres (5 ft.) of a side or rear lot line, or within 3 m (10 ft.) of a lot line which abuts the street and no water circulating or treatment equipment such as pumps or filters shall be located closer than 3 m (10 ft.) to any side or rear lot line; and,
- iii) shall be considered part of the landscaped open space area for the purposes of lot coverage.

#### **27.1.8 Regulations for Day Nurseries**

A day nursery may be permitted in a single detached dwelling house abutting an Open Space (OS) Zone or public or separate school site provided that no part of any required front or exterior side yard shall be used for the purposes of outdoor play space accessory to the day nursery.

#### **27.1.9 Setback from Environmental Constraint or Development Zone**

Where any NR1 Zone abuts an Environmental Constraint (EC) or Development (D) Zone, all buildings and structures in the NR1 Zone shall be set back a minimum of 3 metres (10 feet) from the boundary of the EC or D Zone.

#### **27.1.10 Property Abutting Railway Mainline**

Where any (NR1) zone abuts a railway main line:

- i) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;

- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and

- v) not change the character of the dwelling as a private residence or create or become a nuisance in regard to noise, traffic or parking;
- vi) not use any mechanical equipment, except that ordinarily used for household tasks or recreational hobbies;
- vii) not occupy more than the lesser of 25% of the gross floor area of the dwelling unit or 23 m<sup>2</sup> (250 ft<sup>2</sup>), including in the gross floor area any basement or cellar area used as living quarters and any basement or cellar area used for the home occupation; and,
- viii) be confined to a dwelling unit on the lot in terms of any and all parts of the home occupation use.

#### **29.1.7 Regulations for Accessory Buildings and Structures**

Parking garages and other accessory buildings and structures not attached to the main building, with the exception of garden suites which shall be subject to the regulations in Table 3, shall not:

- i) be used for human habitation;
- ii) be built closer to the front lot line than the main building on the lot;
- iii) be located within 1 m. (3.3 ft.) of a side or rear lot line, except that:
  - a) on a corner lot where the minimum side yard abutting a street shall be 3 m.(10 ft.);
  - b) common semi-detached parking garages may be centred on a mutual side lot line;
  - c) where access to a parking garage is through a rear lot line, the garage may be located on the side lot line (zero lot line) and/or the rear lot line.
- iv) exceed 4.5 m (15 ft.) in height;
- v) exceed 8% coverage of the lot area; and,
- vi) be located within 1.5 metres (5 ft.) of any other building or structure on the lot.

#### **29.1.8 Regulations for Swimming Pools**

Private swimming pools, including in-ground and above ground pools, may be constructed and maintained as accessory uses to a dwelling provided that such a use:

- i) shall only be permitted in the rear yard of the lot;
- ii) shall not be located within 1.5 metres (5 ft.) of a side or rear lot line, or within 3 metres (10 ft.) of a lot line which abuts the street and no water circulating or treatment equipment such as pumps or filters shall be located closer than 3 metres (10 ft.) to any side or rear lot line; and,
- iii) shall be considered part of the landscaped open space area for the purposes of lot coverage.

#### **29.1.9 Regulations for Day Nurseries**

A day nursery may be permitted in a single detached dwelling house abutting an Open Space (OS) Zone or public or separate school site provided that no part of any required front or exterior side yard shall be used for the purposes of outdoor play space accessory to the day nursery.

#### **29.1.10 Setback from Environmental Constraint or Development Zone**

Where any NMU Zone abuts an Environmental Constraint (EC) or Development (D) Zone, all buildings and structures in the NMU Zone shall be set back a minimum of 3 metres (10 feet) from the boundary of the EC or D Zone.

#### **29.1.11 Property Abutting Railway Mainline**

Where any (NMU) zone abuts a railway main line:

- i) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 75 metres of a railway main line will require a vibration study to determine if mitigation measures are required;
- ii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) within 500 metres of a railway main line will require a noise study to determine if mitigation measures are required;
- iii) new dwelling units or other sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) shall be set back from the mutual property line a minimum of 30 m (98 ft.) in conjunction with a 2.5 m (8 ft) high earthen berm. A minimum setback of 120 m (395 ft) from the mutual property line is required if a berm is not to be provided;
- iv) the earthen berm is required to have side slopes of 2.5 to 1 abutting and parallel to the mutual property line with returns at the ends;
- v) a 1.83 m (6 ft) high chain link security fence is required along the mutual property line with the railway; and
- vi) the appropriate railway will be notified of any new residential development or other new sensitive land uses for any lands that abut a railway main line requiring approval under the Planning Act R.S.O. 1990, c.P. 13, as amended.

#### **29.1.12 Railway Yards:**

- i) The minimum setback for new residential dwelling units and other new sensitive land uses (day cares, senior care facilities, emergency care facilities, etc.) from a railway yard property line is 300 m (1,000 ft). Notwithstanding, 'Lots of Record' or other infilling circumstances within the 300 m (1,000 ft.) setback from a railway yard property line which do not require a rezoning, minor variance, official plan amendment, plan of subdivision or plan of condominium approval, may be developed on an individual basis and in consultation with the appropriate railway if it has been demonstrated that the development/redevelopment meets Provincial Standards and/or Guidelines for noise and vibration and land use incompatibility, through the implementation of mitigation measures and setbacks.
- ii) Where any lands zoned (NMU) are within 500 m (1,640 ft) of a railway yard property line, such lands shall be considered to be within an area of potential influence. Any new development/redevelopment of lands within this area of potential influence for residential or other sensitive land uses, will require a noise and vibration study. If it can be demonstrated that the development/redevelopment can satisfy Provincial Standards or Guidelines for noise and vibration then the development/re-development may proceed, subject to implementing any mitigation measures and setbacks required to satisfy the aforementioned Provincial Standards or Guidelines; and
- iii) The appropriate railway will be notified of any new residential development or other sensitive land uses within the 500 m area of potential influence abutting a railway yard property line.

## **SECTION 30: URBAN/RURAL TRANSITION (B) ZONE REGULATIONS**

### **30.1 GENERAL USE REGULATIONS**

#### **30.1.1 Permitted Uses**

Open space uses.

#### **30.1.2 Permitted Buildings and Structures**

No buildings and structures shall be permitted.

 SPECIAL PROVISIONS FOR RESIDENTIAL DEVELOPMENT**

<b>SPECIAL PROVISIONS FOR RESIDENTIAL DEVELOPMENT</b>	
1	At least 70% of the front wall of the main building shall be located within 1.5 metres of, or on, the building line. In no case shall the front wall be located in the minimum required front yard.
2	The wall of the attached garage facing the public street shall not be located more than 3.0 metres closer to the front lot line than either the main entry feature or main front entrance of the dwelling unit.
3	The front wall of the dwelling unit above the attached private garage shall be located no further than 2.5 metres from the front wall of the attached private garage.
4	The wall of an attached private garage that contains the opening for vehicular access shall be set back a minimum of 5.8 metres from the lot line that the driveway crosses to access the private attached garage. If the driveway does not cross a sidewalk, the minimum setback for the wall of the attached private garage that contains the opening for vehicular access is 4.5 m.
5	The required interior side yard on one side is 2.75 metres if a detached private garage is located in the rear yard and is accessed by a driveway crossing the front lot line.
6	No part of the main front wall of the first storey and the floor above the first storey shall be located farther than 6.0 metres from the front lot line. In no case shall the front wall be located in the minimum required front yard.
7	The minimum lot frontage is 7.8 metres if one semi-detached dwelling unit is located on a corner lot. If two semi-detached dwelling units are located on a corner lot, the minimum lot frontage is 14.4 metres.
8	The minimum lot frontage is 8.8 metres if one semi-detached dwelling unit is located on a corner lot. If two semi-detached dwelling units are located on a corner lot, the minimum lot frontage is 16.4 metres.
9	The minimum lot frontage required for an end unit on an interior lot is 6.7 metres. The minimum lot frontage required for an end unit on a corner lot is 7.9 metres.
10	At least 70% of the front wall of the main building shall be located within 3.0 metres of, or on, the building line. In no case shall the front wall be located in the minimum required front yard.
11	The maximum driveway width and maximum garage width on a lot that has a lot frontage of 9.0 metres or less and which is not accessed by a lane is 3.5 metres. The maximum driveway width and maximum garage width on a lot that has a lot frontage of greater than 9.0 metres is 6.1 metres.

 SPECIAL PROVISIONS FOR RETAIL AND MIXED-USE DEVELOPMENT**

<b>SPECIAL PROVISIONS FOR RETAIL AND MIXED-USE DEVELOPMENT</b>	
1	The maximum net floor area for any non-residential use shall be 3000 square metres.
2	The required yard shall be 3.0 metres on any side of the lot that abuts a Residential or Open Space Zone and the yard shall be used for landscaped open space.
3	The minimum lot frontage required for an end unit on an interior lot is 6.7 metres. The minimum lot frontage required for an end unit on a corner lot is 7.9 metres.
4	At least 70% of the front wall of the main building shall be located within 1.5 metres of, or on, the building line. In no case shall the front wall be located in the minimum required front yard.
5	At least 80% of the front wall of the main building shall be located within 1.2 metres of, or on, the building line. In no case shall the front wall be located in the minimum required front yard. Notwithstanding this provision, the main building may encroach into the required front yard on that side of the lot closest to the intersection of two public streets to a point that is no closer than 0.6 metres from the front lot line.
6	At least 80% of the exterior side wall of the main building on a lot shall be located within 1.2 metres of, or on, the exterior side building line. In no case shall the exterior side wall be located in the minimum required exterior front yard. Notwithstanding this provision, the main building may encroach into the required exterior side yard to a point that is no closer than 0.6 metres from the exterior side lot line provided that the exterior side wall does not extend into the area between the exterior side lot line and the building line. For the purposes of this special provision, the building line is deemed to be parallel to the exterior side lot line, with the exterior side lot line being extended to its hypothetical point of intersection with the front lot line at the intersection of two public streets.
7	If at least 15% of the gross floor area above established grade of an apartment building is used for permitted non-residential uses and these non-residential uses are located in the first storey, the maximum FSI is 1.75, provided the maximum number of dwelling units per hectare on the lot does not exceed 75.
8	If at least 15% of the gross floor area above established grade of an office building is used for non-residential uses other than business offices and these other uses are located in the first storey, the maximum FSI is 1.75.
9	If at least 15% of the gross floor area above established grade of an apartment building is used for permitted non-residential uses and these non-residential uses are located in the first storey, the maximum FSI is 1.75, provided the maximum number of dwelling units per hectare on the lot does not exceed 150.

TABLE 3 B  
STANDARDS FOR 'COACH HOUSES' (ACCESSORY LIVING UNITS OVER GARAGES)

<b>SPECIAL PROVISIONS FOR COACH HOUSES (ACCESSORY LIVING UNITS OVER GARAGES)</b>	
1	Notwithstanding this provision, the setback for the first storey may be reduced to 0.6 metres if there are no doors or windows on the wall facing the interior side lot line. A detached accessory building may share a common wall with another detached accessory building on an abutting lot and no setback from the interior side lot line is required on that side of the lot. In no case shall an accessory building share a common wall with more than one other accessory building on an abutting lot.
2	The floor area of the staircase used to access the building shall be excluded from the calculation of floor area.
3	Notwithstanding this provision, the setback for the first storey may be reduced to 0.6 metres if there are no doors or windows on the wall facing the rear lot line. A detached accessory building may share a common wall with another detached accessory building on an abutting lot and no setback from the rear lot line is required.
4	Notwithstanding these provisions, in no case shall the wall of a private garage containing the opening for vehicular access be located closer than 5.8 metres to the lot line abutting the public street that the driveway crosses to access the private garage.
5	Notwithstanding this provision, the maximum permitted height may be increased to 8.0 metres if the rear lot line abuts a public street from which no vehicular access to the lot exists and provided the entire rear wall of the detached accessory building is located between 1.2 metres and 3.0 metres from the rear lot line.

## SECTION 31: ENACTMENT

THIS By-law, except for such parts hereof as are repealed or amended by the Ontario Municipal Board or in accordance with the direction of that Board, or in matters of provincial interest by the Lieutenant Governor in Council, shall be deemed to have come into force on the day it was passed, provided that one of the following has occurred: either

- i) when no appeal notice has been filed before the expiration of time allowed for appeal by the notice of passing of this By-law; or
- ii) when all appeals filed pursuant to Section 34(18) of the Planning Act, R.S.O. 1990, c.P. 13 have been finally disposed of as required by that Act.

Further, without limiting the generality of Subsection 1, By-law No. 63-87 of the Town of Cobourg and all amendments thereto, are hereby repealed in their entirety.

Further, without limiting the generality of Subsection 1, By-law No. 3137, of the Township of Hamilton and all amendments thereto as it applies to lands now within the boundaries of the Corporation of the Town of Cobourg are hereby repealed in their entirety.

READ a first, second and third time and finally passed in Open Council this 14<sup>th</sup> day of October, 2003.
